

# USER GUIDE

1. Login into the backend and go to System >> Cache Management >> Enable All Cache Types
2. Upload all the extension files from “step1” folder to the root folder of your Magento installation:

3. Go to System >> Cache Management page at your Magento backend, and click the “Flush Cache Storage” button. After this action, the extension is installed.
4. Please log out from the backend and log in again for Magento to refresh permissions.
